*Allahabad, the 9th March 1861.*

Captain J. E. S. Fisher, Junior Assistant Commissioner of Kumaon, is invested with the powers of a Senior Assistant, as described in Clause 2, Section I., and subsequent provisions of the Kumaon Civil Rules.

No. 84.

*The 15th March 1861.*

The following Circular Order of the Government, laying down instructions in regard to the sale of landed property in satisfaction of decrees of the Civil Courts, is published for general information :—

CIRCULAR.

No. 1013A.

*Nynee Tal, the 14th August 1860.*

His Honor the Lieutenant-Governor is pleased to issue the following instructions for the guidance of Collectors in carrying out the important provisions of Section CCXLIV., Act VIII. of 1859, the object of which is to prevent the sale of landed property in satisfaction of decrees of the Civil Courts, in cases where the sale would be objectionable, and satisfaction can be otherwise secured.

2. With this view, the Collector will not be held competent to defer the issue of the usual sale proclamation, but on receipt of the requisition of the Civil Court he will ascertain by summary enquiry whether the sale of the land or share is objectionable.

3. The enforced sale of hereditary property in land, in execution of a decree which might be satisfied by money payment, is generally objectionable, and most particularly so when the rights to be sold consist of a share in a joint property; inasmuch as the sale may cause a stranger to be obtruded against their will amongst the brotherhood. It is objectionable only in a less degree when an entire ancestral property is the subject of sale. Where, on the other hand, the property for sale consists of a share in a joint estate held by a stranger, the sale is not objectionable; for it may afford an opportunity to the former proprietors to recover possession, or to the brotherhood to rid themselves of the stranger. Again, the property may be the estate of a spendthrift Zemindar from whom the revenue is always realized with difficulty, and then the sale might not be objectionable; and generally there can be no strong objection to the sale, where the property has been acquired by purchase by the judgment debtor. Rules cannot however be laid down to meet every case, and the Collector must in each instance determine as to the expediency of allowing the sale to proceed, or of attempting to arrest it.

4. After making the above-mentioned summary enquiry, provided he has satisfied himself that the sale is objectionable, and no preferable

means of obtaining the further information indicated below are available, the Collector will issue to the Tehseeldar of the Pergunnah in which the land to be sold may be situated, an order specifying the names of the parties, the sum required to be realized, and the land proposed for sale, and directing the Tehseeldar to ascertain by enquiries from the judgment debtor or his Agent, or otherwise, whether satisfaction of the decree can be made within a reasonable period by a temporary alienation of the land or share, and also whether the required security will be forthcoming.

5. The arrangements to be made in satisfaction of the decree should emanate from the person whose rights are to be sold. The Collector may offer his advice and assistance, but is not competent, *suo motu* to make the temporary alienation contemplated by the Act. The judgment debtor should first be asked if he can arrange to make the required payment within a reasonable period, by instalments, furnishing at the same time adequate security. Failing that, he may effect, subject to the sanction of the Civil Court, a lease or mortgage of the property on an agreement entered into by the Lessee or Mortgagee, to satisfy the decree, either immediate payment in full, or by instalments with security.

6. If it appear from the Tehseeldar's report, or from other information, that the necessity of sale may be avoided, and that the sale is objectionable, the Collector should, in all cases, whether the decree emanate from the Judge of the District, or from a subordinate Court, make his representation in English direct to the Judge, who, when the case is pending before a subordinate Court, will forward it to such Court, the Judge being in every case the channel of communication. And in order to secure due consideration of the Collector's representations, the Subordinate Courts, under instructions which the Sudder Court have been requested to issue, will be required to report to the Judge their adoption or rejection of his suggestions. Collectors should be cautious on the other hand not to interpose arbitrary or frivolous objections in cases in which the sale of land may be ordered in satisfaction of a decree of the Civil Courts.

7. The Collectors should notice briefly the general result of their proceedings in carrying out the important functions devolved upon them by this Section (CCXLIV., Act VIII. of 1859,) in their Annual Administration Report.

By order of the Hon'ble the Lieutenant-Governor of the North-Western Provinces.

J. D. SANDFORD,

*Offg. Under-Secy. to the Govt. of  
the North-Western Provinces.*

**Alipore Jail Press.**

THE under-mentioned has to bring to the notice of Public Officers indenting for Form and other Work on the Press, that very great delay in complying with their requisitions as well as additional labor to this Office arise from applications being sent direct to Alipore, and addressed in various languages in different ways as Magistrate of 24-Pergunnahs, Superintendent of the Jail, Keeper of the Jail, Superintendent of the Press, &c.

The checking and revising authority is the Superintendent of Stationery; therefore to ensure compliance with demand for printed work, all applications should be made to that Officer, in whose Office they are duly checked, registered, and forwarded. No work\* can be sent from the Press without this system is complied with.

**Notice.**

A Sub-marine Telegraph Cable having been laid between the Ports of Akyab and Khyouk-Phyoo, the attention of Commanders of Vessels anchoring in its neighbourhood is requested to the following instructions prepared by Captain Burbank, of Her Majesty's Bengal Steamer *Fire Queen* :—

**INSTRUCTIONS.**

Vessels proceeding in or out of the Khyouk-Phyoo Harbour should on no account anchor to the Westward of the Reliance Buoy for the following reasons :—

1st. The legitimate passage is to the Eastward of the Buoy.

2nd. The Sub-marine Telegraph Cable is laid from Circuit House, or Flag Staff Point, along the Western side of the Channel, and when the Pagoda Rock bears N. E., Non-degree N. by E.  $\frac{1}{2}$  E.; Reef Island N.  $\frac{1}{2}$  W., Saddle Island S. W.  $\frac{1}{2}$  S., Flag Staff Point S. E.  $\frac{1}{2}$  E. there is a large bend in the Cable to the Eastward, consequently all Vessels should be prevented, for the safety of the Cable, from anchoring with the above bearings on.

Vessels anchoring with the Red Buoy on with Flag Staff Point will always clear the Cable, provided the Pagoda Rock is not brought to bear to the Eastward of N. E. by N., but they should on no account bring Flag Staff Point open to the Southward of the Red Buoy.

Vessels anchoring to the N. W. of Pagoda Rock will always clear the Cable by keeping Flag Staff Point well open to the Eastward of Red Buoy as far as it can be seen. Vessels anchoring off Pagoda Rock should endeavor to anchor as near to the Rock as possible.

Vessels running between the Island of Penny Kyong and Angrey Kyong having cause to anchor, should border a little on the latter Island, for the Cable is laid down along the Centre Channel approaching Penny Kyong gradually for about six miles from entrance when it is brought ashore.

XXIII. It shall be the duty of every Police Officer promptly to obey and execute all orders and warrants lawfully issued to him by any competent authority; to collect and communicate intelligence affecting the public peace; to prevent the commission of offences and public nuisances; to detect and bring offenders to justice; and to apprehend all persons whom he is legally authorized to apprehend and for whose apprehension sufficient ground exists: and it shall be lawful for every Police Officer, for any of the purposes mentioned in this Section, with-

XXIV. It shall be lawful for any Police Officer to lay any information before a Magistrate, and to apply for a summons, warrant, search warrant, or such other legal process as may by law issue against any person committing an offence, and to prosecute such person up to final judgment.

XXV. It shall be the duty of every Police Officer to take charge of all unclaimed property, and to furnish an inventory thereof to the Magistrate of the District. XXX. XXXIII. Nothing in the last three preceding Sections shall be deemed to interfere with the general control of the Magistrate of the District over the matters referred to therein.

XXXIV. Any person who, on any road or in any street or thoroughfare within the limits of any Town to which this Section shall be specially extended by the Local Government, commits any of the following offences, to the obstruction, inconvenience, annoyance, risk, danger, or damage of the residents and passengers, shall, on conviction before a Magistrate, be liable to a fine not exceeding fifty Rupees, or to imprisonment not exceeding eight days; and it shall be lawful for any Police Officer to take into custody, without a warrant, any person who within his view commits any of such offences, namely:—

*Fourth.* Any person who exposes any goods for sale.

*Fifth.* Any person who throws or lays down any dirt, filth, rubbish, or any stones or building materials or who constructs any cowshed, stable, or the like, or who causes any offensive matter to run from any house, factory, dung-heap, or the like.

**Sixth.** Any person who is found drunk or riotous, or who is incapable of taking care of himself.

**Seventh.** Any person who wilfully and indecently exposes his person, or any offensive deformity or disease, or commits nuisance by casing himself, or by bathing or washing in any tank or reservoir not being a place set apart for that purpose.

**Eighth.** Any person who neglects to fence in; or duly to protect any well, tank, or other dangerous place or structure.

**XXXV.** In all cases of convictions under this Act, the Officer trying the case shall be limited to his ordinary jurisdiction as to the amount of fine or imprisonment which he may inflict; provided that any charge against a Police Officer above the rank of a Constable under this Act shall be enquired into and determined only by an Officer exercising the powers of a Magistrate.

**XXXVII.** All forfeitures or penalties imposed under the authority of this Act for offences punishable by a Magistrate may, in case of non-payment thereof, be levied by distress and sale of the property of the offender within the limits of the jurisdiction of the Magistrate of the District, by warrant under the hand of the Magistrate who made the order.

**XXXVIII.** In case any such forfeiture or penalty shall not be forthwith paid, the Magistrate may order the offender to be apprehended and detained in safe custody until the return can be conveniently made to such warrant of distress, unless the offender shall give security to the satisfaction of the Magistrate for his appearance at such place, and time as shall be appointed for the return of the warrant of distress.

amount of fine shall not exceed fifty Rupees, and for any term not exceeding four calendar months when the amount shall not exceed one hundred Rupees, and for any term not exceeding six calendar months in any other case, the commitment to be determinable in each of the cases aforesaid on payment of the amount.

**XL.** If the offender be a European British subject, the Magistrate shall record the facts and transmit such record to the District Court of the District wherein the offender is convicted, and the amount of the fine and costs (if any) shall be levied in the manner provided for the execution of decrees of the Civil Court.

**XLI.** All sums paid for the service of process by Police Officers, and all rewards, forfeitures, and penalties or shares of rewards, forfeitures, and penalties which by law are payable to informers, shall, when the information is laid by a Police Officer, be paid into the General Police Fund.

**XLII.** All actions and prosecutions against any person, which may be lawfully brought for any thing done or intended to be done under the provisions of this Act, or under the general Police powers hereby given, shall be commenced within three months after the act complained of shall have been committed and not otherwise; and notice in writing of such action and of the cause thereof shall be given to the defendant, or to the District Superintendent, or an Assistant District Superintendent of the District in which the act was committed, one month at least before the commencement of the action. any such action if tender of sufficient amends shall have been made before such action brought, or if a sufficient sum of money shall have been paid into Court after such action brought by or on behalf of the defendant; and though a decree shall be given for the plaintiff in any such action, such plaintiff shall not have costs against the defendant, unless the Judge before whom the trial is held shall certify his approbation of the action. Provided always that no action shall in any case lie where

such Officers shall have been prosecuted criminally for the same act.

**XLIII.** When any action or prosecution shall be brought or any proceedings held against any Police Officer for any act done by him in such capacity, it shall be lawful for him to plead that such act was done by him under the authority of a warrant issued by a Magistrate. Such plea shall be proved by the production of the warrant directing the act, and purporting to be signed by such Magistrate; and the defendant shall thereupon be entitled to a decree in his favor, notwithstanding any defect of jurisdiction in such Magistrate. No proof of the signature of such Magistrate shall be necessary, unless the Court shall see reason to doubt its being

genuine. Provided always that any remedy which the party may have against the authority issuing such warrant shall not be affected by any thing contained in this Section.

XLIV. It shall be the duty of every Officer in charge of a Police Station to keep a General Diary in such form as shall, from time to time, be prescribed by the Local Government, and to record therein all complaints and charges preferred, the names of all persons arrested, the names of the complainants, the offences charged against them, the weapons or property that shall have been taken from their possession or otherwise, and the names of the witnesses who shall have been examined. The Magistrate of the District shall be at liberty to call for and inspect such Diary.

XLV. The Local Government may direct the submission of such Returns by the Inspector-General and other Police Officers as to such Local Returns. Government shall seem proper and may prescribe the form in which such returns shall be made.

XLVI. This Act shall not take effect in any Presidency, Province, or place, unless the same shall be extended to such Presidency, Province, or place by the Governor-General of India in Council by an order to be published in the Government Gazette. When the Act shall have been so extended it shall be carried into effect in such Presidency, Province, or place, as the Local Government by an order to be published in the Official Gazette shall direct.

XLVII. It shall be lawful for the Local Government in carrying this Act into effect in any part of the territories subject to such Local Government, to declare that any authority which now is or may be exercised by the Magistrate of the District over any Village Watchman or other Village Police Officer for the purposes of Police shall be exercised, subject to the general control of the Magistrate of the District, by the District Superintendent of Police.

FROM THE MILITARY FINANCE COMMISSION,  
TO MAJOR GENERAL R. J. H. BIRCH, C. B.,  
Secy. to the Govt. of India,  
Military Department.  
Calcutta, the 18th June 1860.

SIR,—We have the honor to acknowledge the receipt of your letter No. 624, dated 19th May 1860, forwarding for our consideration a collection of documents as per list annexed, having reference to the introduction of a system of banking to supersede the maintenance of Treasuries in the Executive Offices of the Department of Public Works, and we submit to the Government of India that, after careful consideration of all the objections urged against the application of so useful a measure, we are satisfied that the proposed

ness of its principles fully justify Government in making an effort to ensure its adoption by all Officers of Government entrusted with the disbursing of public monies, feeling assured that the inconveniences anticipated to result from it are those of mere detail that could easily be removed by suitable arrangements being made to meet each particular difficulty.

2. We have during the course of our enquiry given considerable attention to the practicability of applying the system of making all disbursements in the Military Department by Cheques, payable by one disbursing Officer at each Station; and we are satisfied that the measure is quite feasible and well worthy of trial, and might without difficulty be adopted in every Military Cantonment with important beneficial results in a Military and Financial point of view.

3. Whilst at Poonah we ascertained that the numerous Cash Chests located in various parts of the Cantonment, each requiring a separate guard of Soldiers, might with ease be collected together in a convenient central place, easily defended, and all payments Civil and Military made by Cheque by one Officer of a single Cash Chest, without incurring an expense equal to the pay of the Soldiers required for even one of the several Guards employed to protect the many scattered Treasuries of that Station; we think further that, under the system of payment by Cheque, arrangements might be made to facilitate the duty connected with paying money claims on Government, without in any way adding to the complications inherent in the existing system.

4. At Bombay all Military and Naval payments, required to be made in adjustment of Abstracts of ten Rupees and upwards, are made by the Presidency Pay Master, by Cheques on the Bombay Bank, and we now learn that at the Presidency Town of Madras all Treasuries, including those of the Railway Department, as well as those of all Civil and Military Offices, are proposed to be amalgamated and payments made from the Madras Bank or Treasury by Cheques; and as this amalgamation of the large Cash Balances now in the hands of many parties at Madras will thus place considerable sums at the disposal of Government, and at the same time ensure regularity and exactness in extensive money transactions, the measure is one of great importance and should not be allowed to fall through.

5. We are now enquiring into the cause of the failure of the Calcutta experiment for paying by Cheque all Military claims as sanctioned by the Government of India in Colonel Casement's letter No. 97, dated 26th January 1835, and as far as we have yet proceeded in our investigation, we are satisfied that its failure was simply owing to the numerous petty arrangements which such a change necessarily required to be made, not being so adapted as to allow of this useful arrangement being successfully carried out.

6. We have no hesitation in advising Government to proceed with a scheme which promises to be so useful in many respects, and we feel certain that paying monies by Cheque from one Cash Chest will lead to other advantages. We submit that a failure in inducing the Officers of one branch of the Service to adopt the system is no reason for expecting like failures amongst the Officers of other branches. Government have many other Departments where this experiment

might be properly tried, and we think that the proved utility of the practice of paying by Cheque in private business tells much in favor of adopting it for the Public Service, where the arrangements for facilitating its success can be made with much more exactness than in private affairs.

We are aware that technical or professional objections from every branch of the Service, often of a very formidable appearance, may be urged against it, but we are satisfied that these could be easily met and provided against, and when Officers see that Government are in earnest, they will co-operate in giving full effect to the wishes of Government.

8. We can only add that we would not ourselves hesitate to superintend the carrying out of the arrangement connected with the Cheque system, and even if we failed in many cases, and succeeded in a few instances only, some progress would be made towards shewing that success is attainable.

9. For the practical test of the measure, we recommend that the Governments of Madras and Bombay be authorized to make experiments of amalgamating the different Military Treasuries and issuing monies by Cheque, from one Cash Chest in each Cantonment. There are various Military Stations in the two Presidencies where the experiments may be tried with good chance of success; and with useful effect in a Military point of view.

10. We have the honor to set forth in the margin the Stations in these two Presidencies, where Treasuries of European Collectors or other Civil Authorities are located; and if a few of the able Military Commanding Officers at these Stations would interest themselves in the question, the Commission have no doubt as to the success of the experiment.

11. There are other advantages likely to spring out of this measure, which we have long had in view, but these we need not now enter on, as they will become obvious to all on the Cheque system being shewn to be successful; in respect to which we have no ultimate doubt.

12. If the experiment be authorized to be made in some of the Military Cantonments of the two Presidencies, we have only to suggest that Officers entitled to draw money for public purposes should lodge with the disbursing Officer of Cheques such credits on the General Treasuries as may be necessary to meet the demands on Cheques likely to be drawn within any given time.

13. The disbursing Officer of Cheques should also receive all monies tendered to him for the Public Service, granting receipts for the same. He should arrange to draw monies daily from the General Treasury, or once a week as required, to meet the Cheques when presented. Sets of blank Cheques and Pass Books should be provided at the public expense, numbered, paged and otherwise mechanically prepared to prevent frauds. All Officers issuing Cheques should be careful to have the Pass Books accurately filled up, daily or weekly, by the disbursing Officer; and the correctness of these Book amounts should be verified by the Officers themselves. should keep in a simple form daily accounts of the receipts and of the daily issues, and no arrear transactions should be allowed; the actual Cash Balances should be periodically compared by special Officers with the Book entries, and also at uncertain periods. All Officers drawing Cheques should be required not only to verify the entries in their Pass Books by comparison with those in the book of the disbursing Officer, but also frequently to verify and determine their credits. The paying of Cheques should also be occasionally intermitted for a day in order to allow of transactions being fully settled.

14. The Commission would here advise that it should be distinctly stated that the introduction of the system is not to be made a pretext for creating new Offices or for increasing Establishments, and that the funds necessary for providing a central place for the Cash Chest, and for remunerating the disbursing Officer and providing him with a small Establishment, must be obtained from the saving to be effected by consolidating Offices into one or more buildings in a central place, and by discharging Shroffs, Writers and Peons or Guards, whose services will be easily dispensed with.

15. When the system of Cheques is brought into operation, the much desired effect will follow of lessening the extensive record of transactions which appears to be unavoidable where the actual payment of Coin from a Cash Chest under personal charge is involved.

*Extract from the Proceedings of the Government of India, in the Financial Department, under date the 13th March 1861.*

READ again the under-mentioned papers, on the subject of the introduction of a system of banking, to supersede the maintenance of Treasuries in the Executive Offices of the Department of Public Works:—

Financial Consultation, 3rd September 1858, Nos. 154 to 161.

Extract, Military Department, No. 526, dated 16th April 1860, with enclosures.

Financial Resolution No. 3374, dated 4th May 1860.

READ an Extract from the Military Department, No. 1722, dated 16th October 1860, with enclosures, having reference to the same subject.

RESOLUTION.—With a view to obviate the necessity for the maintenance of small separate Treasuries by the Executive Engineer of the Public

Works Department, this Government, in August 1858, sanctioned,\* as an experimental measure, the introduction of a plan suggested by the Accountant to the Government of Bengal, viz. that for payments of and above 25 Rupees each, Cheques in favor of the parties entitled to payment shall be drawn by Executive Engineers upon Collectors, against the amount of the credits assigned to them by the Chief Engineer in each month, all payments below 25 Rupees being made direct in the Executive Engineer's Offices, out of limited funds drawn by him from the Collectors.

The plan of using private Mahajuns of credit, on whom to draw Cheques, was also authorized to be tried.

These orders were applicable only to Bengal, but the Public Works Department communicated a copy of the orders to the Government of the North-Western Provinces, the Chief Commissioners of Punjab and Oude, the Commissioners of Pegu and the Tenasserim and Martaban Provinces, the Commissioners of Nagpore and Mysore, and the Resident at Hyderabad, for consideration and report as to the applicability of the system to the Provinces under their control.

From the replies received in the Public Works Department, it would appear that in some places the introduction of the system is advocated, while in others it is imagined that it would not be convenient to change the existing practice.

With reference to the papers on the above subject, the Military Department enquired of this Department on the 16th April last, "whether any scheme could be devised for doing away with the numerous Treasure Chests at almost every large Station, each of which requires a separate Guard and Establishments."

As this question was supposed to be under the consideration of the Military Finance Commission, the Military Department was requested by this Department on the 4th May last to send the papers of the case to them in the first place for report.

On the 18th June last the Military Finance Commission submitted their Report to Government.

The Commission strongly recommend that the system which is already being tried in the Public Works Department should be applied to all Departments of Government, and they believe that it might without difficulty be adopted in every Military Cantonment with important beneficial results in a Military and Financial point of view.

The mode in which the Commission would work the system in the Military Department is clearly described in paragraphs 9 to 14 of their Report.

The Governor General in Council fully agrees with the Commission, and directs that their recommendations be adopted, and that the system of paying by Cheques be established as a general rule in all Departments of Government, unless strong special grounds can be shown to justify an exception in any particular case.

**Notice.**

A Sub-marine Telegraph Cable having been laid between the Ports of Akyab and Khyouk-Phyoo, the attention of Commanders of Vessels anchoring in its neighbourhood is requested to the following instructions prepared by Captain Burbank, of Her Majesty's Bengal Steamer *Fire Queen* :—

**INSTRUCTIONS.**

Vessels proceeding in or out of the Khyouk-Phyoo Harbour should on no account anchor to the Westward of the Reliance Buoy for the following reasons :—

1st. The legitimate passage is to the Eastward of the Buoy.

2nd. The Sub-marine Telegraph Cable is laid from Circuit House, or Flag Staff Point, along the Western side of the Channel, and when the Pagoda Rock bears N. E., Non-degree N. by E.  $\frac{1}{2}$  E.; Reef Island N.  $\frac{1}{2}$  W., Saddle Island S. W.  $\frac{1}{2}$  S., Flag Staff Point S. E.  $\frac{1}{2}$  E. there is a large bend in the Cable to the Eastward, consequently all Vessels should be prevented, for the safety of the Cable, from anchoring with the above bearings on.

Vessels anchoring with the Red Buoy on with Flag Staff Point will always clear the Cable, provided the Pagoda Rock is not brought to bear to the Eastward of N. E. by N., but they should on no account bring Flag Staff Point open to the Southward of the Red Buoy.

Vessels anchoring to the N. W. of Pagoda Rock will always clear the Cable by keeping Flag Staff Point well open to the Eastward of Red Buoy as far as it can be seen. Vessels anchoring off Pagoda Rock should endeavor to anchor as near to the Rock as possible.

Vessels running between the Island of Penny Kyong and Angrey Kyong having cause to anchor, should border a little on the latter Island, for the Cable is laid down along the Centre Channel approaching Penny Kyong gradually for about six miles from entrance when it is brought ashore.

The inhabitants of the part of the country described in the notification shall be charged with the cost of such additional Police Force, and the Magistrate of the District, after enquiry if necessary, shall assess the proportion in which the amount is to be paid by the inhabitants according to his judgment of their respective means.

XVI. All monies payable under the last three preceding Sections, on account of any additional Police Force employed as therein directed, shall be recoverable under the warrant of a Magistrate by distress and sale of the goods of the defaulter within the District of such Magistrate, or by suit in any competent Court; and the monies paid on this account or so recovered shall be credited to a Fund to be called "The General Police Fund," and shall be applied to the maintenance of the Police Force under such orders as the Local Government shall pass.

XVII. When it shall appear that any unlawful assembly or riot or disturbance of the peace has taken place, or may be reasonably apprehended, and that the Police Force ordinarily employed for preserving the peace is not sufficient for its preservation and for the protection of the inhabitants and the security of property in the place where such unlawful assembly, or riot, or

disturbance of the peace has occurred, or is apprehended, it shall be lawful for any Police Officer not below the rank of Inspector to apply to the nearest Magistrate to appoint so many of the residents of the neighbourhood as such Police Officer may require to act as Special Police Officers for such time and within such limits as he shall deem necessary; and the Magistrate to whom such application is made shall, unless he see cause to the contrary, comply with the application.

XVIII. Every Special Police Officer so appointed shall have the same powers, privileges, and protection, and shall be liable to perform the same duties and shall be amenable to the same penalties, and be subordinate to the same authorities as the ordinary Officers of Police.

XIX. If any person being appointed a Special Police Officer as aforesaid shall, without sufficient excuse, neglect, or refuse to serve as such, or to obey such lawful order or direction as may be given to him for the performance of his duties, he shall be liable, upon conviction before a Magistrate, to a fine not exceeding fifty Rupees for every such neglect, refusal, or disobedience.

XX. Police Officers, enrolled under this Act, shall not exercise any authority, except the authority provided for a Police Officer under this Act and any Act which shall hereafter be passed for regulating Criminal Procedure.

When so enrolled, such Officer shall be bound by the provisions of the last preceding Section. XXII. Every Police Officer shall, for all purposes in this Act contained, be considered to be always on duty, and may at any time be employed as a Police Officer in any part of the General Police District.

XXIII. It shall be the duty of every Police Officer promptly to obey and execute all orders and warrants lawfully issued to him by any competent authority; to collect and communicate intelligence affecting the public peace; to prevent the commission of offences and public nuisances; to detect and bring offenders to justice; and to apprehend all persons whom he is legally authorized to apprehend and for whose apprehension sufficient ground exists; and it shall be lawful for every Police Officer, for any of the purposes mentioned in this Section, with-

**Eighth.** Any person who neglects to fence in, or duly to protect any well, tank, or other dangerous place or structure.

**XXXV.** In all cases of convictions under this Act, the Officer trying the case shall be limited to his ordinary jurisdiction as to the amount of fine or imprisonment which he may inflict; provided that any charge against a Police Officer above the rank of a Constable under this Act shall be enquired into and determined only by an Officer exercising the powers of a Magistrate.

**XXXVI.** Nothing contained in this Act shall be construed to prevent any person from being prosecuted under any other Regulation or Act for any offence made punishable by this Act, or from being liable under any other Regulation or Act to any other or higher penalty or punishment than is provided for such offence by this Act. Provided that no person shall be punished twice for the same offence.

**XXXVII.** All forfeitures or penalties imposed under the authority of this Act for offences punishable by a Magistrate may, in case of non-payment thereof, be levied by distress and sale of the property of the offender within the limits of the jurisdiction of the Magistrate of the District, by warrant under the hand of the Magistrate who made the order.

**XXXVIII.** In case any such forfeiture or penalty shall not be forthwith paid, the Magistrate may order the offender to be apprehended and detained in safe custody until the return can be conveniently made to such warrant of distress, unless the offender shall give security to the satisfaction of the Magistrate for his appearance at such place and time as shall be appointed for the return of the warrant of distress.

**XXXIX.** If upon the return of such warrant it shall appear that no sufficient distress can be had whereon to levy such fine, and the same shall not be forthwith paid, or in case it shall appear to the satisfaction of the Magistrate by the confession of the offender or otherwise, that he has not sufficient property whereupon such fine or sum of money could be levied if a warrant of distress were issued, the Magistrate may, by warrant under his hand, commit the offender, provided he is not a European British subject, to prison, there to be imprisoned, according to the discretion of the Magistrate, for any term not exceeding two calendar months when the

amount of fine shall not exceed fifty Rupees, and for any term not exceeding four calendar months when the amount shall not exceed one hundred Rupees, and for any term not exceeding six calendar months in any other case, the commitment to be determinable in each of the cases aforesaid on payment of the amount.

**XL.** If the offender be a European British subject, the Magistrate shall record the facts and transmit such record to the District Court of the District wherein the offender is convicted, and the amount of the fine and costs (if any) shall be levied in the manner provided for the execution of decrees of the Civil Court.

**XLI.** All sums paid for the service of process by Police Officers, and all rewards, forfeitures, and penalties or shares of rewards, forfeitures, and penalties which by law are payable to informers, shall, when the information is laid by a Police Officer, be paid into the General Police Fund.

**XLII.** All actions and prosecutions against any person, which may be lawfully brought for any thing done or intended to be done under the provisions of this Act, or under the general Police powers hereby given, shall be commenced within three months after the act complained of shall have been committed and not otherwise; and notice in writing of such action and of the cause thereof shall be given to the defendant, or to the District Superintendent, or an Assistant District Superintendent of the District in which the act was committed, one month at least before the commencement of the action. No plaintiff shall recover in

any such action if tender of sufficient amends shall have been made before such action brought, or if a sufficient sum of money shall have been paid into Court after such action brought by or on behalf of the defendant; and though a decree shall be given for the plaintiff in any such action, such plaintiff shall not have costs against the defendant, unless the Judge before whom the trial is held shall certify his approbation of the action. Provided always that no action shall in any case lie where

such Officers shall have been prosecuted criminally for the same act.

**XLIII.** When any action or prosecution shall be brought or any proceedings held against any Police Officer for any act done by him in such capacity, it shall be lawful for him to plead that such act was done by him under the authority of a warrant issued by a Magistrate. Such plea shall be proved by the production of the warrant directing the act, and purporting to be signed by such Magistrate; and the defendant shall thereupon be entitled to a decree in his favor, notwithstanding any defect of jurisdiction in such Magistrate. No proof of the signature of such Magistrate shall be necessary, unless the Court shall see reason to doubt its being genuine. Provided always that

any remedy which the party may have against the authority issuing such warrant shall not be affected by any thing contained in this Section.

**XLIV.** It shall be the duty of every Officer in charge of a Police Station to keep a General Diary in such form as shall, from time to time, be prescribed by the Local Government, and to record therein all complaints and charges preferred, the names of all persons arrested, the names of the complainants, the offences charged against them, the weapons or property that shall have been taken from their possession or otherwise, and the names of the witnesses who shall have been examined. The Magistrate of the District shall be at liberty to call for and inspect such Diary.

**XLV.** The Local Government may direct the submission of such Returns by the Inspector-General and other Police Officers as to such Local Government shall seem proper and may prescribe the form in which such returns shall be made.

**XLVI.** This Act shall not take effect in any Presidency, Province, or place, unless the same shall be extended to such Presidency, Province, or place by the Governor-General of India in Council by an order to be published in the Government Gazette. When the Act shall have been so extended it shall be carried into effect in such Presidency, Province, or place, as the Local Government by an order to be published in the Official Gazette shall direct.

**XLVII.** It shall be lawful for the Local Government in carrying this Act into effect in any part of the territories subject to such Local Government, to declare that any authority which now is or may be exercised by the Magistrate of the District over any Village Watchman or other Village Police Officer for the purposes of Police shall be exercised, subject to the general control of the Magistrate of the District, by the District Superintendent of Police.

A Sub-marine Telegraph Cable having been laid between the Ports of Akyab and Khyouk-Phyoo, the attention of Commanders of Vessels anchoring in its neighbourhood is requested to the following instructions prepared by Captain Burlbank, of Her Majesty's Bengal Steamer *Fire Queen*:—

**INSTRUCTIONS.**

Vessels proceeding in or out of the Khyouk-Phyoo Harbour should on no account anchor to the Westward of the Reliance Buoy for the following reasons:—

1st. The legitimate passage is to the Eastward of the Buoy.

2nd. The Sub-marine Telegraph Cable is laid from Circuit House, or Flag Staff Point, along the Western side of the Channel, and when the Pagoda Rock bears N. E., Non-degree N. by E.  $\frac{1}{2}$  E.; Reef Island N.  $\frac{1}{2}$  W., Saddle Island S. W.  $\frac{1}{2}$  S., Flag Staff Point S. E.  $\frac{3}{4}$  E. there is a large bend in the Cable to the Eastward, consequently all Vessels should be prevented, for the safety of the Cable, from anchoring with the above bearings on.

Vessels anchoring with the Red Buoy on with Flag Staff Point will always clear the Cable, provided the Pagoda Rock is not brought to bear to the Eastward of N. E. by N., but they should on no account bring Flag Staff Point open to the Southward of the Red Buoy.

Vessels anchoring to the N. W. of Pagoda Rock will always clear the Cable by keeping Flag Staff Point well open to the Eastward of Red Buoy as far as it can be seen. Vessels anchoring off Pagoda Rock should endeavor to anchor as near to the Rock as possible.

Vessels running between the Island of Penny Kyong and Angrey Kyong having cause to anchor, should border a little on the latter Island, for the Cable is laid down along the Centre Channel approaching Penny Kyong gradually for about six miles from entrance when it is brought ast o-

### Notices issued by the Post-Master of Calcutta.

ALL communications respecting change of address should be made to the Post-Master of Calcutta and not to the Post-Master General. Letters re-directed, whether delivered in Calcutta, or forwarded to some other Station, are taxed with "Forward Postage."

No. 2661.

The 19th September 1860.—As very many Letters on ordinary Post Office matters are addressed by the Public to the Post-Master General instead of the Post-Master, Calcutta, and as inconvenience is the result, it is solicited the practice may be discontinued, and the Post-Master be addressed on all matters of his Office, except when any party may wish to prefer complaint to higher authority.

ALL complaints requiring redress, such as overcharge of Postage, mis-sending or delay in the delivery of Letters, &c., must be made to the Post-Master-General, accompanied by the Envelopes of the letters referred to; the number of the Delivery Peon should always be stated.

The 9th July 1859.—Parcels or Book Packets cannot be sent by Private Ships through the Post Office.

### Notice.

THE Inland Postage on letters, &c., posted for despatch by the After-Packet must be prepaid. Such letters, &c., as do not bear the Inland Postage, or are insufficiently stamped with the After-Packet Postage, will be detained and forwarded by the next Steamer.

SPECIAL Notice is directed to the subjoined Clauses of Rules, the want of attention to which has occasioned the Post Office much inconvenience.

2nd.—A separate instruction will be required for every change of address, and no instruction will be attended to for more than three months after its receipt.

3rd.—Under Section XXIII. of Act XVII. of 1854, Forward Postage will be charged in addition to all other Postage due or paid thereon upon every letter without exception, which may be re-directed in any Post Office. For example, if a letter posted in Calcutta and addressed to Hooghly is, under instructions which may have been received from the addressee, re-directed in the Calcutta Post Office and sent to Barrackpore, Forward Postage will be charged in addition to the Postage which would have been due, had the letter been despatched to Hooghly according to its original address.

4th.—The practice of giving instructions to the Officers of the Post Office to intercept and re-direct letters, not only imposes much labor upon them, but in large Offices seriously retards the delivery and despatch of the Mails. A register of instructions regarding changes of address will be kept in every Post Office, but it must be understood, that it is impossible to guarantee that they shall be attended to except in the case of letters received for delivery.

LETTERS and Newspapers despatched to and from the United Kingdom by private Vessels are liable to the following rates of Postage, which must be pre-paid by Stamps:—

	Rs.	As.	Pie.
Letters not exceeding $\frac{1}{2}$ oz. in weight	0	4	0
Ditto exceeding $\frac{1}{2}$ oz. but not exceeding 1 oz.	0	8	0
And so on adding 8 annas for each oz. or fraction thereof which includes Inland Postage.			

Newspapers not exceeding 4 oz. in weight, 1d. or 8 pie must be pre-paid by Stamp, and no Inland Postage is required upon such papers.

Parcels conveyed by the above opportunity for the United Kingdom are liable to Letter rates of Postage.

### Notice.

LETTERS arriving at the Presidency Towns by Mail Steamers will be immediately sorted for delivery according to the address alone, without any reference to instructions which may have been received regarding change of address; such changes will be left to be discovered by the Delivery Officers, and be corrected in the forward and unclaimed Departments of the Office.

Forward Postage will be charged in addition to all other Postage due or paid thereon upon every letter without exception, which may be re-directed in the Post Office.

Letters, &c., received by the Steamer will be delivered at the Window of the Post Office only to parties who have registered their names. Applications to the Post Office on the day of the Steamer's arrival to intercept and re-direct letters, &c., cannot be attended to, as they are found not only to impose much labour but seriously retard the delivery and despatch of the Mails.

UNDER the orders of Government, no fourth delivery of letters by the Post Office is allowed. Mails which are received by Steamers from Suez at so late an hour in the day as not to admit of the letters being taken out for delivery by 6 p. m. are detained till the following morning, but parties who have registered their names under the usual fee are entitled to receive their letters and Marseilles Newspapers so soon as the Mails are sorted, and which is generally about 2½ hours after receipt of the Mail, at the Post Office.

*Forward Newspapers.*—Extra or Forward Postage is chargeable on every Newspaper re-directed at the Post Office of original address and forwarded to another Post Office.

No. 9391.

BANGHY Parcels are in future not to be specially registered, as the full address and weight of all such are registered in the Post Office, and receipts are granted to Senders if required. The Post Office Officials have therefore been directed, not to accept fees for the special registration of Banghy Parcels. Articles sent on Book Post rates are not registered unless a registration fee is paid. When therefore Books or Prints or other Articles of value are sent by Book Post, the Senders can register them payment of the usual fee of 4 annas.
